QuestaWeb Opens Offices in Midwest and Southeast

St. Louis and Mobile Operations Deliver Targeted Customer Support to Growing Client Base

Clark, N.J. – December 17, 2015 -- QuestaWeb, Inc. (www.questaweb.com), a premier provider of web-based, integrated Global Trade Management (GTM) solutions, proudly announces the opening of two satellite offices, one in St. Louis, Missouri and the other in Mobile, Alabama. The expansion reflects the need to support a growing customer base, many of which are situated in Midwestern and Southeastern locations across the United States.

The St. Louis operation is headed by Eric Dalby, while Brooke Helton manages the Mobile locale. Eric, who holds both an M.B.A. and a B.A. from Clemson University, possesses nearly 15 years of experience in trade compliance. Beyond a demonstrated ability to create efficiencies and deliver improvements with a clear financial impact, Eric is himself a Licensed Customs Broker and Certified Customs Specialist. Brooke brings to her position a background that blends both an understanding of the nuances of effectively managing technology-related customer support issues and hands-on global trade compliance experience acquired at a major manufacturer and a customs brokerage firm.

Leon Turetsky, CEO of QuestaWeb, said, "QuestaWeb prides itself on providing advanced GTM technology and delivering high-quality customer support at every stage of our technology's life cycle. The addition of these team members and the opening of these offices speak to our level of commitment to ongoing customer satisfaction as our client base grows."

QuestaWeb invites everyone to visit its new website launched last month: www.questaweb.com.

About QuestaWeb

QuestaWeb is a premier provider of integrated, web-based global trade management software solutions. The firm's business model unifies import, export, logistics, compliance and financial processes including U.S. Customs clearance, landed costs, Harmonized Tariff Schedule classifications, export licensing, denied party screening, quota management, product catalog, tracking, event management and international document repository. The centralized global database maintains up-to-date compliance content and supports multiple languages, currencies and time zones. QuestaWeb was one of the first companies certified by U.S. Customs for ABI electronic connectivity initiatives and the first ACE-certified vendor. The company's flagship product, [TradeMaster^{QW}](#) Global Trade Management System, proactively manages export and import processes for importers, exporters, brokers and forwarders. It accelerates the flow of goods across the global supply chain, reduces inventory and operational costs and ensures compliance with ever-changing cross-border regulations. To learn more about QuestaWeb, please visit www.questaweb.com or call 908-233-2300.
